WORK HISTORY

Associate Software Engineer - Backend, 02/2022 to Present

Capillary Technologies – Remote

- **Spring Framework Expertise:** Designed, developed and enhanced backend features using Spring framework to meet business requirements
- **API Development:** Developed, tested and debugged RESTful APIs using Postman, ensuring seamless integration and efficient data exchange with front-end systems
- **Database Management:** Utilized MySQL Workbench to manage database
- **Client-Centric Development:** Collaborated closely with Nascar project managers to understand requirements, gather feedback, and deliver solutions tailored to their specific loyalty needs
- **Agile Development:** Actively participated in sprint planning, daily standups, and retrospective meetings
- **Top Rookie Award Winner:** Recognized for exemplary performance and contributions in my first year with the company

Full-Stack Software Engineering Teaching Assistant, 10/2022 to 01/2023

Code Platoon - Chicago, IL

- Coordinated with instructors to support and assist a cohort of ~45 veterans with their coding assignments
- Kept abreast of latest information on full-stack software engineering technologies such as Django, PostgreSQL and React.js.
- Orchestrated, planned and implemented a series of data structure lectures for students to prepare them for technical interviews
- Tutored struggling students individually and in small groups to reinforce engineering learning concepts.

Email Development Intern, 06/2022 to 08/2022

Merkle - Remote

- Produced high quality email marketing templates using HTML and CSS.
- Developed, modified and reviewed code.
- Wrote clean, clear and well-tested code for various email clients.
- Gained experience with agile development practices and Salesforce marketing cloud
- Collaborated with and learned from skilled developers in an Agile environment

EDUCATION

Bachelor of Science: Communication Management Design, 05/2022
Minor in Computer Science

Ithaca College – Ithaca, NY

3.866 GPA | Magna Cum Laude | Dean's List
